The following workshops are held to create space for participants to witness their own creativity and artistic skills. I truly believe that the world would be a better place if people were provided the knowledge, tools, and intentional space as an outlet for their self-expression. These workshops are also designed to highlight multiple facets of Asian culture and beyond. Majority of workshops can be held in-person and/or virtually.

Traditional Chinese Calligraphy

Learn how to write a traditional Chinese character through the ancient art of calligraphy. This workshop is taught in English and no experience is needed. My purpose is to be a bridge to one of the most complex languages through the art of Traditional Chinese Calligraphy. I teach this workshop to embrace our shared humanity through understanding of cultures; after all, compassion comes from understanding. Explore etymology, traditional tools and techniques, and discover the meditative effects of practicing this mindful art form.
